

Afterschool Ecoliteracy

Six - Week Virtual Series
for 3rd - 5th graders

**January 13 -
February 17**

**Wednesdays
2:30-4:00PM**

COST: \$135*
(Includes one material kit)

Learn how to make your own compost box and more in this 6-week virtual series for 3rd-5th graders! We'll guide young naturalists through an exploration of our fascinating local ecosystems, and our human impacts on those systems.

Registration for this series includes a kit of interactive hands-on activities to accompany each lesson. (*Lessons via Zoom - secure internet connection required*)

COST: \$135* (Includes one material kit)

*Cost per registered student. 50% discount for each additional registered student in the same household.

***Scholarships available!**
